APPLICATION DESCRIPTION

The applicant proposes to subdivide approximately 33.5 acres of farmland for 89 single-family lots averaging between 11,000 to 29,000 square feet, and a 2.28 acre park. Primary access to the subdivision is proposed from Strahan Rd. This is the first out of three phases for the Haciendas Del Rio development. This development is vested under the subdivision code in effect prior to June 1, 2008.

The applicant is proposing the following modifications:

- To allow a reduction of turning heel radius of a 70' radius (Rio Haciendas Cir., and Rio

De Jazmin Cir.).

- To allow for a location map scale of 1" = 1000' instead of 1"=600'.
- To allow a 30' wide pedestrian ROW pathway to allow access from this subdivision to the Rio Grande River.
- To allow for a block length of 2,407 feet on Rio Haciendas Dr., due to topographic and site conditions.
- To allow irrigation easements in order to provide proper surface water to the larger lots within this development.

CASE HISTORY

- City Council approved a development agreement that went into effect on May 6, 2008, and was amended on March 10, 2009.
- The City Plan Commission at its regular meeting of March 26, 2009, voted to approve the Haciendas Del Rio subdivision on a Major Combination basis.
- The City Plan Commission, at its regular meeting of August 23, 2012, recommended approval of a revised development agreement; lot increase from 118 to 228. City Council approved it on September 18, 2012.
- The City Plan Commission at its regular meeting of October 4, 2012, voted to approve the Haciendas Del Rio subdivision on a Major Combination basis.
- This application is the first out of three phases for the Haciendas Del Rio development.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of the modifications and **approval** of Haciendas Del Rio Unit One on a Major Final basis, subject to the following requirement:

- That the City Plan Commission require the applicant to landscape the parkway at the rear of all double frontage lots along Strahan Rd.

Planning Division Recommendation:

Staff recommends approval with the modifications and condition. As per Section 19.04.170 (Modification of conditions):

A-3. The subdivider has demonstrated an alternative method of development that will improve the aesthetic value of the subdivision while giving equal emphasis to safety, economy, tax yield, maintenance cost, response time, drainage dedication and improvement of parkland and open space amenities, and vehicular access and pedestrian passage.

City Development Department - Land Development

We have reviewed subject plats and recommend **Approval**.

The Developer/Engineer shall address the following comments.

1. Illustrate minimum of 3' foot benches from sloped areas adjacent to sidewalks and houses on typical street cross sections in order to prevent erosion and undermining structures.

Parks and Recreation Department

We have reviewed **Haciendas Del Rio Unit One**, a major final plat map and offer no objections to this development; however, we offer Applicant / Developer the following comments:

Please note that this Subdivision is the first of three units for a total of 228 lots; this unit is composed of **88** Single-family dwelling lots and includes a **2.28 acre** Park.

Also, please note that this subdivision is not with-in the City of El Paso limits but is with-in the **Northwest Artcraft A** area of potential annexation therefore, the "Park site" will be dedicated to the City – Based on the following "Parkland" calculations, this plat meets and exceeds the minimum "parkland requirements by 1.40 acres or 140 Dwelling Units that can be applied towards sub-sequent Subdivisions Units Two & Three.

Haciendas Del Rio Unit One Dedication a 2.28 acre
"Parksite"

Haciendas Del Rio Unit One = 88 Dwelling Units, Requires to dedicate 0.88 acres

"Parkland Credits" = 1.40 acres

1. Park improvements shall include as previously agreed the following at minimum:
Grading, leveling, sidewalks fronting the street & all around the park's perimeter, turf & irrigation, playground equipment, swings and canopy for the playground equipment.

We offer the following **informational comments** to assist Applicant in the design of the new Park's construction drawings.

Please note that design layout (Concept & Final) need to be coordinated with Parks Department for review and approval and are to include at minimum the following improvements:

1. Refer to Park's Design & Construction Standards.
2. Irrigation System shall be designed by a Licensed Irrigator Registered in the State of Texas, in good Standing, with a minimum 5 years experience, and with a minimum of 10 designs of comparable size systems.
3. Irrigation System must be designed to accommodate site static water pressure or a pump must be incorporated to accommodate design criteria.
4. Note for all park improvements (sidewalks, Ramps, etc) and paved Hike/Bike trails (if applicable) to be compliant with required accessibility criteria as set forth in ADAAG & TAS standards as mandated by Federal and State Governments.
5. Project(s) must be coordinated with TDLR to insure compliance with TAS requirements to include inspection, and certificate of substantial completion; approval of the subdivision/park improvement plans is subject to applicant providing proof of the project registration - PLD # (Registration Number) is provided.
6. No signs, fire hydrants, lights, NDCBU's, electrical/water boxes, telephone pedestals, no obstructions in general, shall be placed into proposed perimeter sidewalk, nor shall any utility conduits be placed along the park site.
7. Provide frontage lighting along adjacent Public Street rights of way. Engineer to coordinate with E.P.E.Co., Department of Transportation, and Parks Dept. light poles & conduit placement for perimeter lighting prior to street paving; perimeter street lighting

shall be coordinated for light poles to be installed at max. 300' apart and/or at all street intersections along the park side and not along the residential side to prevent duplication of light poles.

8. Developer shall obtain soil samples (taken from proposed park site location finished ground) & provide complete analysis report (textural, minerals availability, water infiltration, detailed salinity, & PH conductivity test) with recommendations for soils amendments and preparation to insure existing soil conditions are suitable for turf, shrubs, and tree growth; coordinate site visit with Parks staff for collection of soil samples.
9. Any unsuitable soil conditions shall be remedied to eliminate hard soils, stony soils, high caliche soils, clay soils and contaminated soils to a minimum depth of 12 inches as required for proper planting as per Parks Design & Construction Standards.
10. Any unsuitable soil materials not approved by Parks Department are to be removed, disposed-off, and replaced with top soil to a minimum depth of 12 inches.
11. Any rock walls, retaining walls, or fences to be constructed along the park abutting residential sites need to be off of the Park and to be constructed by Developer if required in order to minimize disturbance to the park improvements.
12. Provide grading so that the park site does not sit lower than six inches (6") from any top of curb elevation, throughout. Any low spot must have at minimum a surface area of 30,000 square feet to insure that any storm water is dispersed over a large area. Any sloped areas shall be at the max. 1 vertical : 20 horizontal (5%) and shall Insure that proposed grades will keep water away from hard surfaces.
13. Grading and drainage plan for the site, to be reviewed and approved by Parks Department.
14. Applicant / Contractor are required to obtain irrigation and any other required permit(s) from Development Services (BP&I) Building Permits & Inspections Division.
